Single Location Wiring

Space-Saving Screw Terminals

Multi-Location Wiring

Installation Recommendations:

· Devices require a 1-gang U.S. wall box. 3½ in deep recommended, 2¼ in deep minimum.

· Indoor use only

· Visit http://www.ezzwave.com/hubs/ for hub compatibility

· Wallplates sold separately

· Trilingual Instruction manual – (English, French, Spanish)

Device Configuration

Adding your device to a Z-Wave network
Once the hub is ready to add your smart dimmer, press and release anywhere on the touch panel to add it in the network.

To remove and reset the device
Once the controller is ready to remove your device, press and hold the side button(G) of the smart dimmer to remove it from the network.

To return to factory defaults
Press and release side program button(G) three times quickly. The LED will flash ON/OFF five(5) time when completed successfully. All button presses must be completed within five(5) seconds.
