

Ezlo Z-Wave Thermostat

Enjoy the comfort of temperature control, immediate response from your device, and energy efficiency

Easily control your home's temperature from home or away, with the MiOS App and save on energy costs. Featuring Z-Wave connectivity, the Ezlo Thermostat offers seamless temperature management and the perfect blend of comfort and technology.

Z-Wave Connectivity

Easily connect your Ezlo Thermostat to any compatible Z-Wave hubs, allowing remote control and monitoring from anywhere using your smartphone or tablet.

Works With Your HVAC System

Control systems ranging from heat pumps to AC units, with up to 3 stages of heating and 2 stages of cooling.

Seamless Integration with Ezlo Hubs

Fully compatible with Ezlo smart home hubs, enabling advanced automation and integration with other smart devices in your home.

Stylish frameless display

Navigate with ease using the sleek and responsive touch sensitive controls, designed for straightforward operation and quick adjustments.

Key Features
